MEMO FOR THE RECORD

SUBJECT: Tariff Commission possible request for NIS

25X1A9a

1. In response to a telephone conversation with J. J. Hitchcock, [REDACTED] and I visited today at the Tariff Commission with Donn Bent, Secretary of the Commission, who called in Richard Quill, Security Officer, and Miss Riley who seemed to be some kind of informational secretary. She had with her a copy of our Section 61 on Mexico. This had apparently aroused their interest.

2. I gave them a copy of the Production Status Report, explained how NIS numbers are translated into areas and topics, and showed them samples of Sections 64 and 65. They seemed interested in the full range of Economic coverage. Mr. Quill said they had three combination safes and [REDACTED] arranged for the CIA security officer to visit Mr. Quill and look at the storage arrangements. Mr. Bent thought they would need our Economic coverage from time to time for information background on specific projects. Miss Riley said she would, after security arrangements are made, send a request for specific NIS to us via CIA Liaison Staff.
